

## Application Fee Waiver / Scholarship / Work-study Application

The NYYS recognizes that the cost of application and registration fees may be prohibitive for some students. New in 2017, limited tuition assistance funds and work-study are available to help offset these expenses. Financial need is the major consideration when awarding scholarships and work study. Remaining funds will be distributed if available at the scholarship committee's discretion. We ask that students in need of scholarships seek funding through their personal networks in addition to completing this form.
